# Year 1 Learning Leaflet Autumn Term One 2020

## Year 1

Welcome to our Year 1 Learning Leaflet for the Autumn term. This page, along with our enquiry organiser, will give you all the information you need in order to support your child in Year 1 this term. We have many exciting things planned, starting with our new whole school theme...

*“There’s no place like home”*

### **Collection arrangements**

Please update us if collection arrangements change as we do take the safety of our children very seriously. This can be done via a telephone call to the front office or a message in person when dropping of your child.

## Forest School

During the autumn term, we will be observing seasonal change, comparing autumn and winter, and exploring what we can do on our forest school site. We will hunt for plants and minibeasts, using collection pots, observational drawing, labels and pictograms to present what we find, and always encourage the children to use accurate scientific vocabulary for these living things. During forest school sessions we will include active games and teach the children about managing risks, outdoor safety and how to care for the natural world. Due to covid-19 our usual all in one suits cannot be worn/shared so all children will be able to come into school in their outdoor clothing. This includes warm layers of long trousers and t-shirts, sweatshirts/hoodies and a waterproof coat. Please note that children will be sitting on logs and the forest floor so warm, old clothing is best. Please use our class welly racks to store boots.

**Class 3 Forest School: Thursday**  
**Class 4 Forest School: Tuesday**

## Homework

Homework will be sent home each week via **Tapestry** and consist of challenges (linked to current learning) that your child can choose from and present in their own way. It will be posted as a joint Year 1 observation on Tapestry each **Friday** and needs to be completed and uploaded as an individual observation for your child by the following **Wednesday**. Please support and encourage your child when they are doing their homework, although it should primarily be their own work. All work will be viewed by their class teacher and comments may include numbers in boxes, depending on the effort that has been made and overall presentation. Your child would also significantly benefit from daily reading with you at home. Look out for information regarding online reading coming soon! Please feel free to post videos, photos and comments of their reading on Tapestry too.
